BARNACLE 1977
Barnstable High School
Hyannis, Massachusetts
Volume 43

DEDICATION

Nancy Jane Vecchione

"The Vech". . "Where ya been dahlin'?". . Senior class. . Giving detentions, making meatballs. . Plans taking over class of 1981.

Pet Peeve: No school spirit
Remembers: Raisins in meatballs
Forgets: Gringos' Concert
Usually Found: Looking for "victims"
Leaves: Pink Elephant
To: Class of 1977

Throughout the years we have gained maturity, responsibility, and intelligence. We have developed as individuals and as a class. Each one of us has shared a sense of belonging because we have become a part of something.

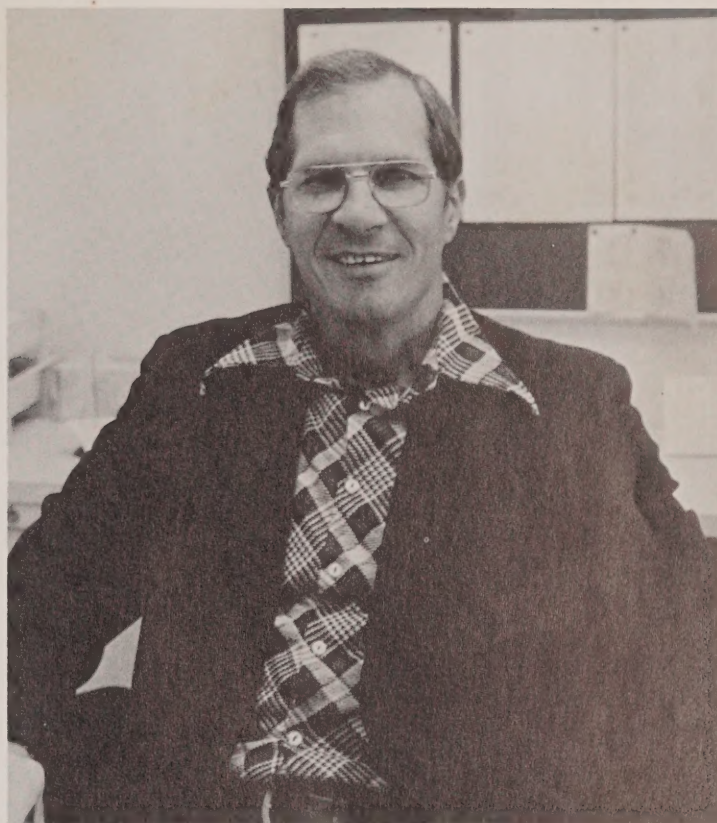

Thank you, Miss Vecchione, for your time, patience and caring. You have supported us through these years and have helped us prepare for the future.

Thanks so much!
Class of 1977

FRESHMAN: FRONT: President Lynne Murray, Vice-President Jackie Frangione. BACK: Treasurer Matt Dacey, Secretary Sandra Roberts, Dean James McClelland.

SENIOR CLASS OFFICERS

Secretary-Kim Clarkson

Treasurer-Ann Machado

Vice President-Robert Wininger

President-Ted Mullin

“LOOKING FOR SPACE”

On the road of experience
I'm trying to find my own way
Sometimes I wish that I could fly away
When I think that I'm moving
Suddenly things stand still
I'm afraid 'cause I think they always will

Photo by Russ Price

All alone in the universe
Sometimes that's how it seems
I get lost in the sadness and the screams
Then I look in the center
Suddenly everything's clear
I find myself in the sunshine and my dreams

And I'm looking for space
And to find out who I am
And I'm looking to know and understand
It's a sweet sweet dream
Sometimes I'm almost there

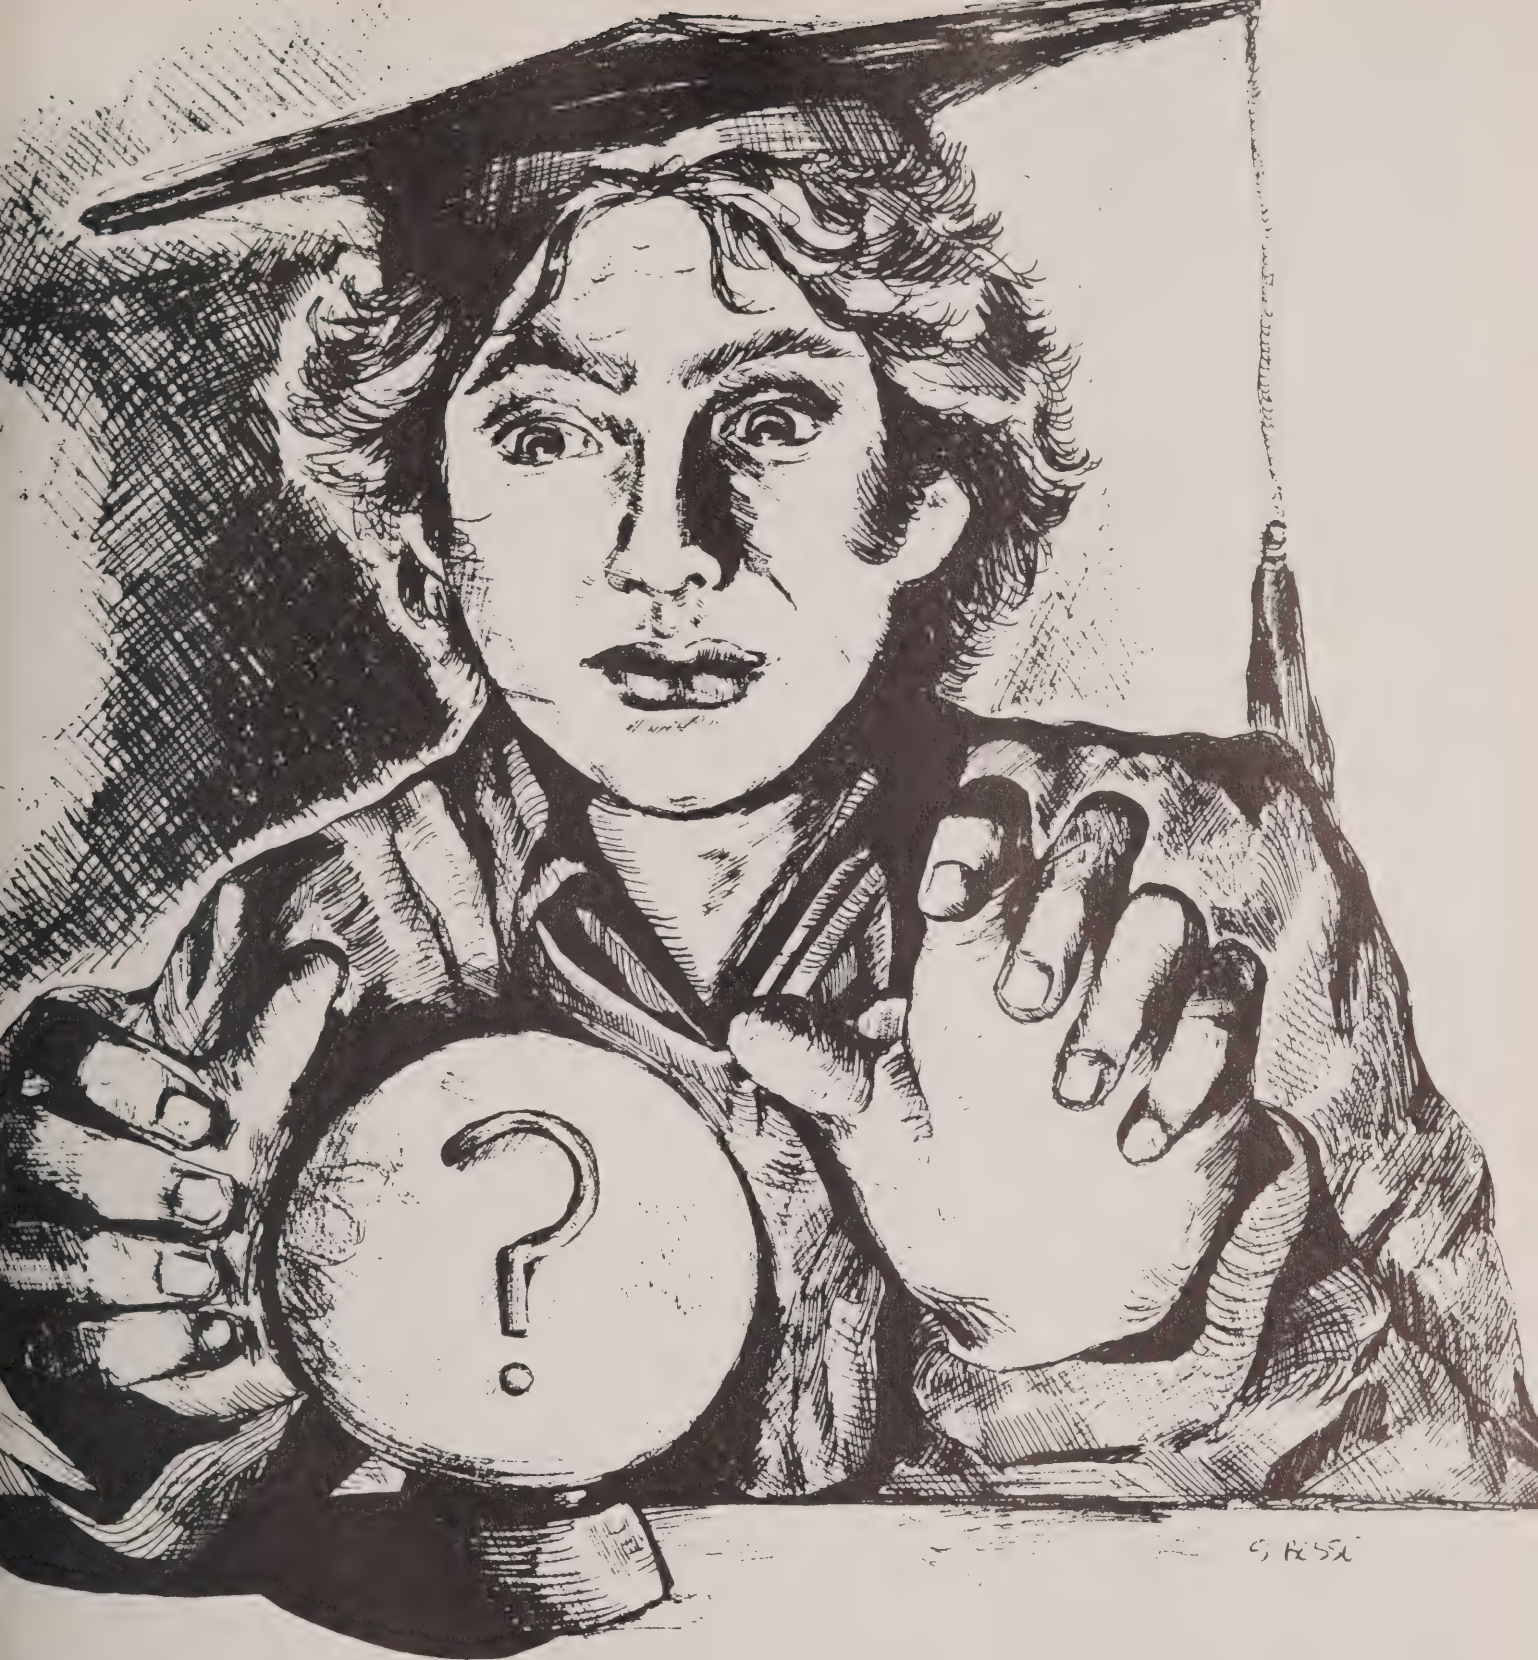

On the road of experience
Join in the living day
If there's an answer
It's just that it's just that way

When you're looking for space

And to find out who you are

When you're looking to try and reach the stars
It's a sweet sweet dream

WE REMEMBER

Diane Parker
1960-1973

Peter Blair
1959-1973

For everything, its season, and for every activity under
heaven, its time:

A time to be born and a time to die
to plant and to uproot
to kill and to heal
to pull down and to build up.

A time to weep and a time to laugh
for mourning and for dancing
to scatter stones and to gather them
to embrace and to refrain from embracing.

A time to seek and a time to lose
to keep and to throw away
to tear and to rend
for silence and for speech.

A time to love and a time to hate
A time for war and a time for peace.

Ecclesiastes 3:1-8

ALP

ALTERNATE LEARNING PROGRAM

The Alternate Learning Program exists as an alternate secondary school within the framework of the Barnstable High School. We are a diverse group of students and staff members with a wide range of interests. A.L.P. values the differences of individuals and their environments, and motivates each student to commit his/herself to an evolutionary process of growth. The program's environment is one in which priority is given to the cultivation of individual potential, allowing each student to develop his/her own unique cognitive and affective abilities and skills.

Marine Biology, Ecology, Short Stories, The American Novel, Sociology, Practicum, Creative Needlepoint, Barnstable History and Communication I are only a few of the many courses offered as part of the A.L.P. curriculum. Students, also, have the option to receive course credit by completing an independent study contract. Independent study projects vary with each individual ... writing play reviews for the "Caper", photography course, long term studies of specific marine organisms utilizing our aquarium facilities and working with the Conservation Commission Officer ... These are just a sampling of the independent projects completed by the A.L.P. members. Many of the Students in the Alternate Learning Program can be found volunteering in our community as volunteer teachers in the elementary schools, square dancing at the Senior Citizen Center, visiting residents in various nursing homes, and volunteering at our local hospital. Some students intergrate their program by involvement in two paid or unpaid work experiences. Those who participate in this program keep a daily work log of their experiences and attempt to analyze specific situations that arise in their jobs.

Our courses are taught by staff members, students and volunteers. Course work is completed in and out of the classroom. The Marine Biology class has utilized the Woods Hole Oceanographic Institute and the New England Aquarium in Boston, besides completing beach studies and the collection of marine specimens in tidal pools for our aquariums. The historic towns of Lexington and Concord were visited by the U.S. History class. Members of the Alternate Education class visited various alternate schools on the Cape and in the Boston vicinity. The backpacking and survival class spent a day hiking Mt. Monadnock, while the rest of the Alternate Learning Program walked the Freedom Trail, viewed the "Where's Boston" multimedia show and toured the Prudential Center after a short jaunt on the famous M.T.A.

The governance of the Program is the mutual responsibility of the students and staff members, each participating on the various committees (Appeals, Entrance and Independent Study) which help to administer the program.

The Alternate Learning Program's environment is relaxed and informal, and the community is characterized by self respect, respect for others, and an open channel for communication between student and student and between student and adult. The program's ultimate responsibility is to create an environment in which each student can grow personally and socially in appreciation of the inherent dignity of human existence and congruent with the needs of society.
